

MAKING COMMUNITIES GREAT PLACES TO GROW UP AND GROW OLD

In its first decade, Tufts Health Plan Foundation has given more than \$34 million to nonprofit organizations in Massachusetts, New Hampshire and Rhode Island. These investments promote healthy living with an emphasis on older adults.

VISION

Honor and support communities working to be great places to grow up and grow old.

MISSION

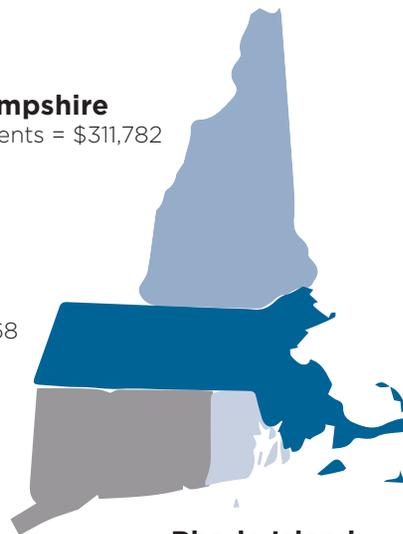

Improve the health and wellness of the diverse communities we serve.

WHERE WE GIVE

New Hampshire
11 investments = \$311,782

Massachusetts
49 investments = \$2,441,368

Connecticut
Will start funding in 2019

Rhode Island
16 investments = \$512,285

Community investments as of April 2019

- Advance promising solutions prioritized by the community
- Age- and dementia-friendly work

MATCH PROGRAM

Supports causes employees care about through matching contributions for donations and volunteerism

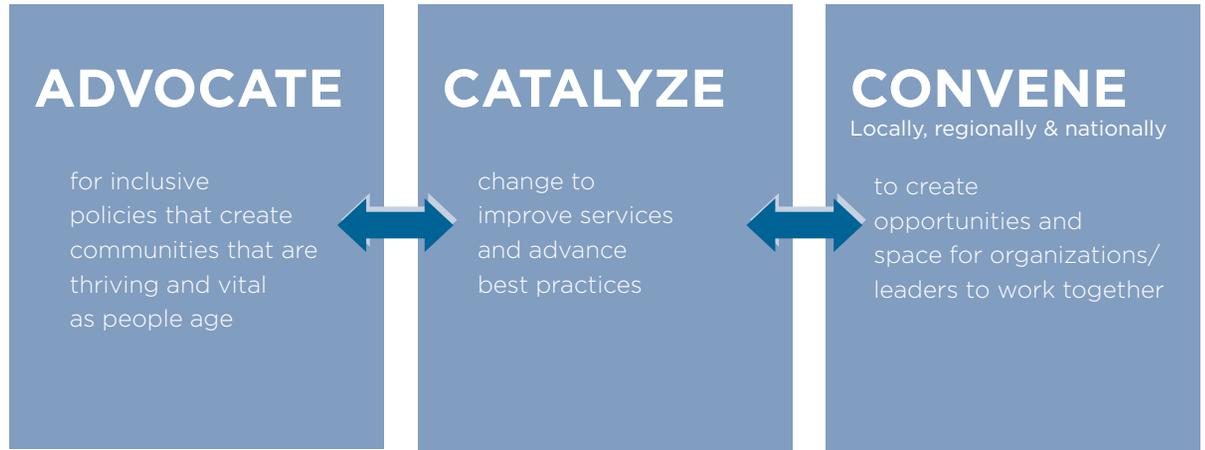

COMMUNITY CONTRIBUTIONS

Supports sponsorship opportunities that align with community factors affecting health

Tufts Health Plan Foundation values older people. Together with civic leaders and nonprofit organizations, we advance age-friendly communities and live our vision: to honor and support communities working to be great places to grow up and grow old.

HOW WE WORK

New opportunities are created with changing demographics.

New England is now, and will continue to be, older than the U.S. as a whole.

By 2030, more than one quarter of New England residents will be 60 years or older.

Leveraging the wisdom of older people and tapping innovation to strengthen age-friendly communities.

OUR FORMULA FOR IMPACT
